

Andorra aurora solar

What is Aurora & how does it work?

Aurora makes it smoother for everyone to switch to solar energy--by transforming the way projects are designed, sold, and delivered. Discover what makes the Aurora platform the most accurate, profitable way to deliver every stage of the solar product lifecycle.

How can Aurora help you sell solar?

Aurora's all-in-one software platform empowers every team to deliver across every touchpoint in the customer journey. Sales Mode's guided workflows and simple swipe interactions make selling solar a breeze. An address and one month's utility bill are all you need to instantly generate a 3D home solar design for your customer.

Does Aurora solar offer Enfin financing?

Thanks to Aurora Solar's platform, our Partner Installers can now seamlessly offer EnFin's competitive financing options to homeowners. This collaboration has significantly enhanced our ability to make solar energy accessible and affordable, empowering more homeowners to embrace clean energy solutions.

Why should you choose Aurora for your 3D Solar estimate?

Engage homeowners with an instant, personalized 3D solar estimate that builds your brand credibility and makes you stand out from the rest. Leading solar companies depend on Aurora to outpace the industry.

Does Aurora AI speed up solar project lifecycle?

Aurora AI has been run over 1.6M times, speeding up the solar project lifecycle. Aurora AI is the fastest way to generate a 3D roof model. Decrease project lifecycle times with 3D roof models under 15 seconds with the only AI modeling software available.

What's it like working with Aurora?

Here's proof: Working with the Aurora team has been a highly collaborative and positive experience. Our teams have worked, and continue to work exceptionally well together to bring this integration to market. Their commitment to innovation and clear communication made the process straightforward.

Security at Aurora Solar is a shared responsibility. Everyone at our organization acts as a steward of our company information, data, security practices, and assets.
