

Which mobile operator has the best network coverage in Austria?

There are three major mobile operators in Austria: A1 Telekom Austria, Magenta Telekom (formerly: T-Mobile), and Drei Austria. All three operators offer very good network coverage throughout Austria. A1 is the largest mobile operator in Austria with the best network coverage, followed by Magenta Telekom and Drei.

Is Austria a good place to get a mobile phone?

Austria also has a growing number of mobile operators that offers the best SIM and contract options for ex-pats and visitors. Even though more than 10 million residents are in the country, the mobile market is still highly competitive. It has led local operators to get creative and provide the best affordable options to their customers.

Do I need an Austrian SIM card for a vacation in Vienna?

First, let's clarify the question of whether you need an Austrian SIM card for your vacation in Vienna: If you are from Europe, it is usually not necessary to buy an Austrian SIM card, as roaming within the EU (and the European Economic Area) has been free since 2017.
