

Backup for power outage Croatia

What caused a power outage in Croatia?

Croatia's HEP power utility said the outage in parts of the country was caused by "an international disturbance that affected several countries" without going into detail. "The Croatian transmission system operator is conducting an analysis with the system operators of neighbouring countries to determine the cause," HEP said.

Where is the electricity out of Croatia?

According to reports the electricity is out from Split to Cavtat, as well parts of neighbouring Bosnia and Herzegovina. Zadar, Šibenik, Split, Omiš, the whole of the Dubrovnik region and Konavle is out of power. The electricity company, HEP, have so far not commented about the situation and their website is down.

Which countries are affected by a power outage?

PODGORICA, June 21 (Reuters) - A major power outage hit Montenegro, Bosnia, Albania and most of Croatia's coast on Friday, disrupting businesses, shutting down traffic lights and leaving people sweltering without air conditioning in the middle of a heatwave.

What happened to Montenegrin Electricity?

Montenegrin authorities said that an outage that lasted for several hours in the country's power distribution system left almost the entire nation without electricity, while similar problems were reported in the coastal part of Croatia, and in Bosnia and Albania.

Why is HEP restoring power in Croatia?

In the meantime, power was restored to some parts of southern Croatia. HEP has put all its production capacities into full operation to alleviate the problem of the international interruption of electricity supply, so that HOPS can ensure electricity to citizens in Croatia in the shortest possible time. HEP added there is no damage to the network.

How did the power outage affect Aboriginal and Torres Strait Islanders?

The power outage disrupted businesses, shut down traffic lights and left people sweltering without air conditioning in the middle of a heatwave. We acknowledge Aboriginal and Torres Strait Islander peoples as the First Australians and Traditional Custodians of the lands where we live, learn, and work.
