

What is Papua New Guinea's energy future?

"This project represents a major step forward for Papua New Guinea's energy future. It will not only expand access to reliable electricity but will also contribute to the country's climate goals by scaling-up renewable energy," said World Bank Group Country Manager for Papua New Guinea, Khwima Nthara.

What happens if one energy source turns off in Papua New Guinea?

When one energy source turned off, the others would continue to produce power and ensure continued electricity supply. The lecturer asserted that such grids were key to expanding electricity access in Papua New Guinea, where only 20% of the population currently enjoys regular access to electricity.

Can solar power help Papua New Guinea?

Solar panel used in Osima Village, West Sepik Province, to charge mobile phones and lighting. Participants will now become solar energy experts in their communities to improve on this type of basic system. "UNDP is committed to supporting the Government in increasing access to affordable, reliable and sustainable energy throughout Papua New Guinea.

Can Papua New Guinea achieve environmental sustainability?

Without enhancing access to clean energy, we cannot succeed in our efforts to eradicate poverty, reduce inequalities and enhance environmental sustainability in Papua New Guinea," stated UNDP Resident Representative, Mr. Nicholas Booth, after the training.

Does Papua New Guinea have biomass?

Traditional biomass - the burning of charcoal, crop waste, and other organic matter - is not included. This can be an important source in lower-income settings. Papua New Guinea: How much of the country's electricity comes from nuclear power? Nuclear power - alongside renewables - is a low-carbon source of electricity.

Does the European Union support Papua New Guinea?

The European Union is proud to finance and support this initiative that will enable Papua New Guinea to reduce its reliance on fossil fuels and expand electricity access to some of the most vulnerable communities in the country," added the European Union Ambassador to Papua New Guinea, H.E. Jacques Fradin.
