

For example, solar projects in Maryland have a sales tax exemption on equipment and businesses can earn a personal property tax abatement for building rooftop community solar systems that benefit mostly low-income subscribers. South Carolina provides a 25% income tax credit on the cost of a solar energy system, which is separate from the ITC.

We also found a great local partner that supplies Alder with "top notch" printing and marketing needs. A true Win-Win situation.," says Director of Commercial Sales and Finance, Alex Nicholas.
