Hello everyone, I need a little help (if anyone has ever encountered this issue) with a battery pack connected to my inverter (Axpert Max 8000-48 with removable display). The battery pack come from Basen and has its own configurable BMS (set to "Voltronic" as per instructions). The cable pins are...

Shenzhen Tian-Power Technology Co., Ltd. participated in the formulation of the "Decommissioned Battery Module (Package) Residual Energy Evaluation Method" (T/CET 403-2023) group standard, which was officially released and implemented on June 30...

In the Tian Power BMS software, I noticed the pack voltage was maximum of 51.5 volts when the pack was 100% charged, so started an experiment: I lowered the charge voltage by 0.10 volt every day to see how this effected the micro-dosing. Starting at 54 volts, the recommended voltage in the manual, I lowered the voltage daily and finally noticed ...
