

# Cuba canadian solar ep cube price

How much does a Canadian Solar EP Cube cost?

Let's take a closer look at everything Canadian Solar's EP Cube has to offer. The EP Cube has a built-in inverter and is modular, meaning homeowners can choose how much storage capacity they need up to 19.9 kWh. Our solar experts estimate the EP Cube battery costs \$15,200 before incentives, just below the industry average cost.

How many kilowatts can a EP Cube store?

The EP Cube energy storage system can store up to 19.9 kilowatt-hours of energy, comes with an integrated inverter, and can be installed with or without solar. Let's take a closer look at everything Canadian Solar's EP Cube has to offer.

What kind of battery does a Canadian Solar EP Cube use?

Plus, the EP Cube is a lithium iron phosphate battery, which means the battery is safer and will last longer than other types of lithium-ion batteries. It can also be integrated with a gas-powered generator for an added layer of backup protection. Canadian Solar is offering an excellent warranty for its battery system.

How much does a EP Cube battery cost?

Our solar experts estimate the EP Cube battery costs \$15,200 before incentives, just below the industry average cost. Canadian Solar offers the EP Cube Lite, which comes at a lower price point and does not have backup capabilities but is designed to maximize energy savings in areas with time of use rates.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

Does the Canadian Solar EP Cube ship via UPS or USPS?

It can NOT ship via UPS or USPS. Please email us or give us a call if you have any questions. The Canadian Solar EP Cube stands out for its compact yet powerful design, integrating a hybrid inverter with storage modules for ease of use. It emphasizes safety with its use of LiFePO4 batteries, meeting stringent UL 9540A test criteria.

EP CUBE is loaded with safety features, including an integrated arc fault circuit interrupter (AFCI), rapid shutdown, and holds certifications including UL 1699, BUL 1741-SB, IEEE 1547, IEEE 2030.5, UL 1642, UL 1973, UL 9540, UL 9540A, UN 38.3

The EP Cube hybrid inverter allows up to 16A per PV string current, and supports up to 4 MPPT connections, enabling greater PV panel connectivity so as to transform more solar energy into electricity for energy storage. EP Cube helps you store electricity from the grid when the price is lower, reducing costs and realizing automatic storage.
