

Energys (NYSE: ENS), the global leader in stored energy solutions for industrial applications and the manufacturer of ODYSSEY® batteries, is pleased to announce the commercial launch of its ODYSSEY® battery chargers. Available for purchase at major battery retailers across the globe, the new series of ODYSSEY® battery chargers can efficiently ...

9. Vented lead-acid (VLA) batteries can contain an explosive mixture of hydrogen gas. Do not smoke, cause a flame or spark in the immediate area of the batteries. This includes static ...

Specifically developed for high discharge rate applications, DataSafe HX batteries are available in high power density 6, 12 and 16 volt monoblocs. The VRLA technology ensures high power density and eliminates the need for watering, while their lead-calcium-tin alloy plates support efficient recharge rates and long lifecycles. Request a Quote
