

Fire Hair Movie Style Wedding Photo Location

Should you include film Wedding photography at your wedding?

But for those who want the best of both worlds, the best way to include film wedding photography at your wedding is to find a photographer who does both. Many film wedding photographers also shoot in digital, too, and will offer rolls of film as a (very much worth the money) add-on to their digital package.

What is film photography?

Film photography, not to be confused with wedding films (which are shot by a wedding videographer), is photography shot on old school negative film. Film photography is created by using a roll of light-sensitive film and using the camera shutter to expose the film to light to get the shots.

What is a fishtail wedding hairstyle?

A trendy fishtail braid meets a classic bridal bun and we are most definitely here for it! If you want to level up a simple chignon, this fishtail wedding hairstyle is the ultimate bridal hair inspo. Style it with a blossoming flower hairpiece for a whimsical look, or keep it simple with a few face-framing tendrils.
