

Grenada solatube cena

Solatube Global Markets. With worldwide distribution to more than 100 countries, Solatube's global department serves residential and commercial customers outside the US and Canada. Our global distribution network covers Europe, Latin America, the Middle East, Asia, and Africa.

The Solatube Daylighting System features passive daylighting technology that does not rely on moving parts, making it virtually maintenance-free. All assemblies (dome, flashing, tubing, diffuser) have seals to prevent bug and dirt infiltration. In addition, the dome and flashing are designed to eliminate debris build-up.

Solatube offers flashing for flat roofs, slightly slanted roofs, and roofs with slopes of 4:12 or steeper, where maintaining a proper fit can be challenging with traditional skylights. Solatube Installation on Different Roofing Materials. Besides the roof slope, Solatube skylights are also compatible with various roofing materials.

As an exclusive licensee of Solatube International, Inc. Solatube Worldwide Sales markets and sells Solatube Daylighting Systems and Solar Star Fans to Europe, Latin America, The Middle East, Asia, and Africa. The company also manages the distributor networks in these countries
