

Hengtong Energy Storage Cabinet

What is Hengtong energy storage?

Hengtong Energy storage has two self-developed products: DC charger and AC charger. The products have the advantages of cloud monitoring, cloud operation, cloud management, intelligent operation, intelligent maintenance, dedicated system for large customers, channel diversion, and friendly UI interface.

Who is Jiangsu Hengtong?

Jiangsu Hengtong Energy Storage Technology Co.,Ltd. is a wholly-owned subsidiary of Hengtong Group, established in 2019. The company has always been customer-centric, providing customers with "safer, more efficient and less carbon emission intelligent energy storage products".

Why is Hengtong accelerating its efforts to build a world-class Enterprise?

In the context of economic globalization and the implementation of the Belt and Road Initiative, Hengtong is accelerating its efforts to build a globalized, high-tech, and international world-class enterprise with an open, inclusive, cooperative, and win-win development philosophy.

The 100kW/233kWh commercial and industrial liquid-cooled energy storage system adopts an "All in One" design concept, integrating long-life cells, battery management system (BMS), high ...

This 140m² project uses 380V low-voltage grid connection. The power station applies a 2MW/8MWh energy storage system containing four 40-foot standard containers with the functions of thermal insulation, corrosion ...

Multiple liquid-cooled outdoor cabinets can be connected in parallel to form a storage unit. Each storage unit consists of a combiner distribution cabinet, liquid cooling cabinet, air conditioning system, and fire protection system.

Hengtong Residential Energy Storage System is a new hybrid energy storage system based on lithium iron phosphate batteries and equipped with a customized battery management system ...

In order to further strengthen and enhance the leading position of Alpha ESS Nantong Co., Ltd. (hereinafter referred to as AlphaESS) in the energy storage industry chain, ...

"Let every electric vehicle run freely, and let every family breathe freely" is the motto of Hengtong Energy storage's EV charger. After years of development, the company has accumulated a ...

The 100kW/233kWh commercial and industrial liquid-cooled energy storage system adopts an "All in One" design concept, integrating long-life cells, battery management system (BMS), high-performance bi-directional inverter (PCS), ...

Hengtong Energy Storage Cabinet

Ligend commercial energy storage highly integrates self-developed and self-produced high-quality Ligend"core(cell)", battery. management system, energy management system, fire protection ...

Adopting intelligent lithium battery control strategy, it is mainly used for 48V communication backup power supply scenarios. It has the characteristics of maintenance-free, high specific ...
