

# How to clean the stains on photovoltaic panels

How do you clean solar panels?

The best way to clean solar panels is to use a soft-bristled brush or squeegee specifically designed for solar panels, along with a mild soap or specialized cleaning solution. Avoid abrasive materials, excessive pressure, and cleaning during the hottest part of the day. Rinse thoroughly and dry the panels to prevent water spots.

Do solar PV panels need to be cleaned?

That said, most solar pv panels in the UK will not need any heavy-duty cleaning because regular rain will wash most dirt and grime off the surface, dispelling one of the myths about solar being its difficulty to clean.

Can you use vinegar to clean solar panels?

Vinegar is a great cleaning agent for solar panels because it contains acetic acid, which is very capable of breaking down tough stains, dirt and grease. It is also readily available and any vinegar will do although the best type to use is white cleaning vinegar.

How do you remove mineral stains from solar panels?

For mineral deposits, try using a 1:1 white vinegar and water solution to help gently lift and remove the stain. If you try these methods and you are still left with stains, it's best to consult with a professional. Cleaning your solar panels is an important part of ensuring that they continue to work at their best.

How do I know if my solar panels need a cleaning?

A drop in energy output can be an indication that your solar panels could use a cleaning. The mySunPower® app gives you complete control over your SunPower solar power system, allowing you to track and monitor your energy production in real-time. With SunPower, you'll always know exactly how well your panels are performing.

How do you clean solar panels on a roof?

Cleaning solar panels on a roof requires extra precautions for safety. Use a sturdy ladder or roof anchor system, and wear non-slip shoes. Start by rinsing the panels with a garden hose, then gently scrub with a soft brush and mild soap solution. Rinse thoroughly and dry with a squeegee or cloth. 3.
