How will Cura affect gas prices in the Isle of Man?

Gas prices in the Isle of Man are set to drop by 16%, following the approval earlier today, effective from the 7th January 2024. The regulatory framework implemented by CURA is based on objective observation of the current energy market and enables quick decision making.

When will I be charged a new gas rate in Isle of Man?

Overall the price for domestic customers has decreased by almost 37% since November 2022. Isle of Man Energy will apply the decrease on gas used after 1st March. If customers' bills cover periods before and after 1st March, they will get charged the current rate up to 28th February and the new rate from 1st March.

Who is Islands Energy Group?

Islands Energy Group is made up of three businesses based in Guernsey, Jersey and the Isle of Man - Guernsey Energy, Island Energy and Isle of Man Energy. It is the only gas supplier for domestic, commercial and industrial customers in the islands. It also sells domestic appliances including cookers and washing machines.

Why are gas prices falling again in the Isle of Man?

Domestic gas prices in the Isle of Man are set to fall again, with the All Island tariff going down from 16.67 pence per unit to 13.98 pence per unit, as a result of the continued settling of the global energy market. "Last summer we saw steep rises in commodity costs, which led to a price increase in September.

The quickest way to open an account is to use our online form. Please do this on the day you take responsibility for the property, or as soon as possible afterwards. If you have a metered supply, please take a meter reading on your move-in date so you don't become liable for gas that another customer has used.
