Renewable energy independent power producer (IPP) Greenvolt is close to bringing a 5MW/5MWh battery energy storage system (BESS) online at its biomass plant in Coimbra, Portugal. The firm is in the final stages of commissioning the 1-hour lithium-ion BESS at its Mondego Bioelectric Biomass Plant in Figueira da Foz,

it said last week.

BESS will be crucial in this process as they allow energy systems to be more flexible in managing the temperamental output of renewable power sources, smoothing supply and demand peaks and helping defer the cost of grid expansions and upgrades. EY predicted a fourfold increase in global BESS deployment from 2023 to 2030, reaching 527GW.
