The "620" in the name, SolarHome 620, comes from the 6-watt solar panel and the 20-watt-hour battery bank. In even average sunlight conditions, the SolarHome 620 can be used moderately at night and charged ...

The "620" in the name, SolarHome 620, comes from the 6-watt solar panel and the 20-watt-hour battery bank. In even average sunlight conditions, the SolarHome 620 can be used moderately at night and charged during the day without a break in power. Why is the Biolite SolarHome Useful? Energy efficiency is an important topic.
