Will gei power be Zambia's first solar plant with battery storage?

Turkey's YEO is partnering with Zambian sustainable energy company GEI Power to develop a 60 MW/20 MWh solar plant with battery storage in Choma district, southern Zambia. The facility has been touted as Zambia's first solar plant with battery storage.

Why is Zyambo preparing a new power plant in Zambia?

Zambian Ministry of Energy Permanent Secretary Francesca Chisangano Zyambo has urged the two parties to move quickly to commission the project, as the facility will be important for mitigating power shortages in the country.

How much solar power does Zambia have?

Zambia's installed solar capacity stood at 124 MW at the end of 2023, according to the International Renewable Energy Agency (IRENA). In April, Canadian developer SkyPower Global signed a 1 GW power purchase agreement with state-owned utility Zambia Electricity Supply Corp.
