

Philippines bosch solar kit

Who makes Bosch Solar panels?

Known mainly for its automobile parts and power tools, Bosch has also been involved in the solar PV industry since 2008 as Bosch Solar Energy, bringing its reputation for excellence to bear in the production of high-end solar panels. The Bosch solar panels currently available in Australia all use monocrystalline silicon cells.

Who are the Philippines off-grid solar power system specialists?

Philippines Off-Grid Solar Power System Specialists. Planning, Engineering and Installation services, nationwide! Affordable, Accessible, Clean, Solar Power for your Home or Business. PhilSolar Equipment and Trading Corporation imports and distributes high quality off-grid solar power systems throughout the Philippines.

Why should you choose solar power in the Philippines?

Our mission is to make renewable energy accessible and affordable all over the Philippines and to help reducing CO2 emissions for a cleaner and greener world. Solar Power can help you to reduce your electricity bill, increase your property value as well as reducing your carbon footprint.
