

Phono solar Belize

Is phono a good solar installation company?

Products of PHONO have been recognized by PHOTON Laboratory, PVEL and Rated Solar Installer and recommend as high-quality products. PHONO has been continuously recognized by PVEL as Top Performer since 2016. PHONO engineering team sources high caliber materials and components during the module design phase.

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

What does phono do?

PHONO actively captures and incubates new technologies, address critical technical issues in energy supply, energy management, and energy efficiency in the evolvement of clean energy industries, and developed a few high-tech products with independent intellectual property rights, achieving an industrial leading position.
