

Solar Panel Compensation Standards

Can I claim compensation for mis-sold solar panels?

If you feel you were mis-sold solar panels for your home you could claim compensation. Back in 2019, it was reported that the Financial Ombudsman Service had around 2000 complaints from unhappy customers who felt they had been mis-sold their solar panels, with more coming in every week.

What is the claim limit for solar panel coverage?

The claim limit for solar panel coverage varies depending on the policy. In some cases, they can be set to 10% of the value of the dwelling coverage limit. Luckily for homeowners, most insurances don't have a set claim limit. This way, you can claim the full loss incurred in the event of solar system damage.

Can I make a claim for mis sold solar panels?

Our mis-sold solar panels solicitors can handle every aspect of your claim on your behalf. We may even be able to make a claim if the company which sold you the panels has gone out of business. Am I eligible to make a claim for mis sold solar panels? Below are some factors which may make you eligible for a compensation claim:

Can you get compensation if your solar panels are mis-selling?

If your solar panels are not reducing your electricity bills or providing you with the financial subsidies that you were originally promised by the company who sold them to you, you may be eligible for compensation. The solar panel industry is yet another of those currently embroiled in a mis-selling scandal.

Can I claim solar panels if a company closed down?

This means you may be able to bring your claim against your financial provider even if the company which sold you the solar panels has closed down. How much can I claim?
