Lightsource bp, the BP subsidiary that is building a giant solar farm in Pointe Coupee Parish, said it will start working soon on a \$170 million facility in St. Landry Parish.

The program is designed to allow landowners to earn income from leasing their land AND to also participate in the OWNERSHIP of the solar farm. We apply for rural grants to reduce the total cost of each solar farm and raise the money for each solar project using several Financial Technology models on the Solarcollab Investment Platform.

St. Helena is a British Overseas Territory in the South Atlantic Ocean with a population of around 5,000. Most electricity is generated through thermal engines, although small wind and solar farms (Figure 1) are used to augment these, currently contributing 30% of the annual electrical energy demand. SHG has set an ambitious target for all of ...
