

Solar panel for sale in Mozambique

Does Mozambique need solar energy?

In the rapidly evolving world of renewable energy, Mozambique has emerged as a significant player, especially in the solar energy sector. With its abundant sunshine and increasing focus on sustainable development, the demand for solar energy systems in Mozambique has seen a considerable rise.

Who is building a solar power plant in Mozambique?

The Spanish group TSK has won the contract to build the Cuamba solar power plant in the Niassa province of Mozambique. The 20 MWp project is being developed by British independent power producer (IPP) Globeleq.

Why is Mozambique a good place to invest in solar energy?

Firstly, Mozambique has a high solar irradiation level, making it an ideal location for harnessing solar energy. This abundant solar resource presents a sustainable and cost-effective solution for addressing the country's energy needs.

Who owns Mozambique's first solar plant?

The first utility-scale solar plant in Mozambique, the Mocuba 40 MW project, was inaugurated in April 2019. It is owned by a consortium of private investors while Electricidade de Moçambique (EdM), the national utility, has a 25% shareholding. EdM revealed plans in 2019 to develop several small, grid-tied solar parks throughout the country.

Who is solar Vilankulo?

Solar Vilankulo is an enterprising company in Mozambique, dedicated to providing innovative solar energy solutions. Based in Vilankulo, a coastal town known for its natural beauty and gateway to the Bazaruto Archipelago, the company specializes in harnessing solar power to meet the diverse energy needs of its clients.
