The Solix C800 Plus isn't small by any means, but I would describe it as tight and compact. It doesn't look or feel unwieldy. It packs in five AC outlets, two USB-A ports, two USB-C ports, and a DC outlet. It has a cell capacity of 768Wh. It has a max output of 1,600W and a max recharge speed of 1,100W.

So the Anker Solix C800 Plus is exactly as big as I'd expect a power station with 768Wh of capacity to be: 37 x 21 x 26cm (14.6 x 8 x 10in), and weighs just under 11kg (20.3lbs). It features carry handles on both the left and right sides, and you'll only need to grab one to carry it comfortably; it is eminently "luggable." While a handle on the ...
