

Does Suriname have a strong oil & gas sector?

Suriname's oil and gas sector is taking off at a dynamic time for the global energy industry, with a worldwide energy transition and wars in Ukraine and the Middle East hampering supply. With TotalEnergies sanctioning a USD 9-billion offshore project, the country's policymakers are planning sustainable gains from a volatile sector.

How does Staatsolie power Suriname?

Staatsolie is responsible for around 75% of Suriname's power generation. The company operates a 96-MW thermal power plant through subsidiary Staatsolie Power Company Suriname. Part of its generated electricity and all of its process steam is used to power the Tout Lui Faut refinery.

Which company operates 96 MW thermal power plant in Suriname?

The company operates a 96-MW thermal power plant through subsidiary Staatsolie Power Company Suriname. Part of its generated electricity and all of its process steam is used to power the Tout Lui Faut refinery. Since January 2020, the company has also operated the 180-MW Afobaka Dam.

What is Suriname's Electricity permitting process?

Suriname's permitting process is detailed in a report by the Inter-American Development Bank, ESIA (Environmental and Social Impact Assessment for Energy Infrastructure Projects). Suriname's national electrical company EBS (NV Energie Bedrijven Suriname) is focused on improving reliability and sustainability of electricity.

How much electricity does Suriname generate?

As of 2020, Suriname's installed electricity capacity was 501 MW, with fossil fuels accounting for nearly 62% and renewables (mostly hydro power) making up the remainder. In 2020, Suriname generated 2.4 TWh of electricity. As of 2018, the peak electrical demand was 215.4 MW and 97% of the population had access to electricity.

Who is responsible for energy projects in Suriname?

The Ministry of Natural Resources is responsible for the government's energy programs and initiatives. Suriname's permitting process is detailed in a report by the Inter-American Development Bank, ESIA (Environmental and Social Impact Assessment for Energy Infrastructure Projects).
