

How many MW of Bess is coming to Sweden this year?

Some 200MW of grid-scale BESS is set to come online in Sweden this year according to Flextools, including a 20MW project deployed by Alfen at a wind farm operated by Vasa Vind, announced last week. Energy-Storage.news' publisher Solar Media will host the 9th annual Energy Storage Summit EU in London, 20-21 February 2024.

Where is Bess based?

The firm is already live in Denmark and the next markets on its horizon are Belgium, Austria, Germany and the Netherlands. Expansion abroad will be primarily through managing utility-scale BESS, though its first foray in Denmark has been using EV chargepoints to provide demand response services.

Where is Isbillen Bess located?

Isbillen is located in Västernorrland, just 6km from another Neoen BESS, the 52MW/52MWh Storen Power Reserve, which has nearly been completed, the firm said. The Isbillen BESS will mainly provide ancillary services, specifically Frequency Containment Reserve, to Swedish transmission system operator (TSO) Svenska Kraftnät.

Telia Sweden (Sverige), just Telia, is the largest mobile operator in Sweden. Its three competitors would have to merge into one company to kick Telia off its #1 spot. They would then have 7.8 million customers (2.9 million from Tele2 Sweden, 2.7 million from Telenor Sweden & 2.2 million from Tre (3) Sweden) compared to Telia's 6.7 million.
