I personally use "photon solar" for my residence, but the set up and batteries can be pricey. Considerably, there are other companies and payment plans you can use, but I would suggest you do some research, select a local company(or a few), request a quote and compare which course of action will be the best for you.

PROJECT: Serengeti Electricals recently installed a solar water pump for a rural 160-meter well that now pumps 3500 liters of water per hour. PROJECT: Solar project set up for 5kva output ...

Headquartered in Tanzania, Trend Solar offers a range of solar systems from 70Wh systems aimed at low-income households to 32Kw all-in one mini-grid systems. The company also helps with finding financing solutions, by offering a pay-as-you-go mobile plan. Dar es Salaam:

The current plan is to make some folding solar arrays (2P each) so I can chase the sun without having to park the camper in the sun on warmer months. I was looking to use the below gear . 4 x 100W renogy panels - two ...
