

Top 5 solar panel in Svalbard and Jan Mayen

Where are the world's northernmost solar panels installed?

Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, despite the region being plunged into darkness from early October until mid-February every year. Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, a region plunged in round-the-clock darkness all winter.

Could a new solar project help remote Arctic communities transition to green energy?

Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, a region plunged in round-the-clock darkness all winter. The pilot project could help remote Arctic communities transition to green energy.

Why do solar panels work in Isfjord Radio?

The solar panels also benefit from the "albedo" effect, the reflective power of snow and ice, as well as low temperatures that improve their efficiency. On the flipside, the region is plunged into total darkness from early October until mid-February, which makes it impossible for Isfjord Radio to completely give up fossil fuels.

Is this the world's northernmost ground-mounted PV system?

"It's what we believe to be the world's northernmost ground-mounted PV (photovoltaic) system," Mons Ole Sellevold, renewable energies technical adviser at state-owned energy group Store Norske, told AFP. "It's the first time anyone has done it at this scale in the Arctic," he said, his rifle slung over his shoulder in case polar bears turn up.

Do solar panels work in summer?

In summer, the region is bathed in an abundance of sunlight, with a "midnight sun" that never sets. The solar panels also benefit from the "albedo" effect, the reflective power of snow and ice, as well as low temperatures that improve their efficiency.

Installing solar panels in a place that experiences around five months of complete darkness might seem counterintuitive, but a new initiative in the Svalbard archipelago is hoping to generate clean power using the ...
