Some Bluestar Silicones Aerospace and Industrial products have a very long mixed pot life. Storing the mixture in a tightly sealed container at 0°F (-18°C) may extend the pot life even longer. Care should be taken when using this method to prevent moisture from condensing on the inside of cold containers and contaminating the mixture.

Featured Products . Battery Storage is the key component of an Energy Storage System (ESS). These batteries store surplus energy during low-demand periods and release it during peak hours, optimizing consumption and providing uninterrupted power supply in critical commercial and industrial applications.
