In Uganda, alongside CNOOC and UNOC, we have interests in development projects in the Lake Albert basin, namely Blocks EA-1, EA-1A, EA-2 and EA-3. The Tilenga (TotalEnergies, operator) and Kingfisher (CNOOC, operator) projects were developed at the Ugandan government's request to tap the substantial oil resources in the area.

Download a French version of the case study here Country Briefing Case study of Bidibidi-fr. Bidi Bidi Refugee Settlement is situated in North West Uganda. It covers an area of approximately 250 square kilometers, hosting around 270,000 South Sudanese refugees as of late 2017, making it the largest settlement of its kind in the world.

Thank you for reading this post, don't forget to subscribe! With abundant sunshine throughout the year, Uganda stands as an ideal landscape for harnessing solar energy. As the country grapples with energy poverty and unreliable power grids, there lies a significant opportunity for entrepreneurs to venture into the solar industry.
