

Verdemar denuncia la falta de respaldo de la Junta, el Gobierno y la UE a raíz del proyecto Eastside que amenaza la protección del Estrecho Oriental con una escollera sobre aguas españolas TNG prevé construir varias torres residenciales, locales comerciales y un puerto deportivo en una ...

Este documento describe la instalación de paneles solares en las islas flotantes de los Uros en el lago Titicaca como una tecnología limpia que brinda electricidad a la comunidad. Hasta la fecha, se han instalado paneles solares en 485 viviendas de 17 comunidades Uros, beneficiando a 800 familias. La electricidad mejora la calidad de vida de los Uros al fortalecer la artesanía y ...

These days, the Uros earn income through tourism. This has brought a few modern conveniences to the archipelago, including improved sanitary facilities and solar panels which reduce the risk of fires from open flames. They have embraced modern technology, with most islanders using cell phones and televisions powered by the solar panels.

Gli Uros sono una popolazione preincaica peruviana.. I primi Uros si sono spostati dalle sponde del lago Titicaca sul lago stesso, per sfuggire ai loro vicini bellicosi, tra i quali il popolo degli Inca. Hanno cominciato a costruire un arcipelago di isole artificiali con canne di totora (*Schoenoplectus californicus*), una pianta acquatica locale, e lo hanno ancorato al fondo del lago.

Fusing the history, experience, and strengths of four brands, the new Terrasmart will provide leading solar technologies and smart solutions across the project lifecycle to mitigate risks and amplify returns for solar projects of ...
