

Ford announced this month the production of the LCV Transit in Uruguay; it will be sold in South America countries, mainly Brazil. The LCV will be built in partnership with Nordex, which belongs to the Antelo group. Both companies have invested around US\$ 50 million and the project will create 200 jobs. Nordex has extensive experience in the Uruguay market ...

Northern Power Systems had the opportunity to participate in the World Dairy Expo in Madison, Wisconsin, from October 1st to 4th. Our Business Developer, Ken Kotalik, represented us at Booth #678, connecting with American farmers and ranchers. It was a pivotal event for us to showcase the benefits of wind turbines for agricultural businesses ...

At Northern Power Systems, we leverage cutting-edge technology to deliver wind energy solutions that are both efficient and reliable. Our commitment to innovation ensures that our turbines, including the NPS 100C, operate at peak performance, providing sustainable energy solutions tailored to meet the unique needs of our customers.

At Northern Power Systems, our mission is to lead the transition to renewable energy by providing innovative, cost effective solutions that empower businesses and communities to thrive sustainably. Our vision is a world where renewable energy is the cornerstone of a clean and prosperous society, driving economic growth and environmental ...
